Subject: Statement of Intent to Pursue ACN QC2 Qualification

To Whom It May Concern:

Commvault Systems, Inc. (“Commvault”) is committed to supporting the security, regulatory, and compliance requirements of public sector organizations worldwide.

On September 2, 2026, Commvault Cloud by Metallic AI successfully achieved qualification for ACN (National Cybersecurity Agency) QC1. Commvault is now pursuing ACN Cloud Qualification Framework QC2 (Qualified Cloud Service Level 2).

While qualification is dependent upon regulatory review and approval, Commvault remains fully committed to achieving ACN QC2 qualification in early 2027 and views this initiative as an important component of its strategy to support Italian public sector customers and regulated workloads.

Should you require additional information regarding Commvault's compliance program or certification roadmap, please contact us at trust@commvault.com.

Sincerely,

Leah Flynne
